Bionic Beats

A MONTHLY PUBLICATION

Truck or Treat 🎃

Bionic P&O with Ignite Medical Resorts celebrated Halloween with its annual Truck or Treat event, bringing together residents, families, and staff from all three Northwest Indiana campuses. Over 150 kids joined in the celebration alongside physicians and the entire nursing and rehab teams, creating a warm, festive and spooky atmosphere. The event was a great opportunity for staff and community members to connect outside the clinical setting and showcase their Halloween spirit!

WHAT'S HAPPENING AT Bionic

Bionic with **Jacob McCleary** and **William Kavanagh** at Chicago Christian Schools. Recently, middle school students in Design and Modeling took on a challenge to create ankle foot orthoses (AFOs) for children with cerebral palsy, specifically spastic hemiplegia. The project began with videos and discussions that raised disability awareness, helping students grow in compassion and understanding. Working in groups, students brainstormed, sketched, and refined their designs before presenting them. The students combined innovation, compassion, and collaboration at this outreach with Bionic.

Our **Indiana** and **Illinois** clinic locations were once again present to support the NWI **IMA *'Lasting Bonds'* Gala** event. The event was a great celebration of the accomplishments of our medical community and their outreach initiatives programs. The IMA encompasses around 400 physicians with a mission to offer a supportive environment for personal and professional development, cultural connection, and camaraderie.

Bionic at a park themed **Trunk or Treat** event in partnership with **Make-A-Wish** in **Greensboro, NC**. Our team volunteered to set up a themed trunk and join in a day full of games, prizes, raffles, and fun for more than 300 kids. One of the highlights was a wish reveal for a kid who got to head over to Disney World. It was a special opportunity to support the community and share a little Halloween excitement, our demo leg stole the show with curious and cautious visitors.

Bryce Bission at the **local health fair** in **North Carolina**! Giving out demos for thew Ossur Proprio Foot at the event to represent Bionic.

A wonderful **potluck** for **Spirit Week** at the **Lafayette** clinic, all wearing their favorite flannels celebrating the fall season!

EMPLOYEE OF THE MONTH

TALIA QUINTERO

Talia is one of the most organized people I have ever met. She is always on top of the WIP, even when we don't ask her. She is a bright smile that patients see when they walk in to our office daily. She also keeps the office organized and decorated for all holidays/occasions. Talia is an excellent communicator with all of the clinicians she works with. She jumps in to help out the admin and clinicians of the west region, which does not go unnoticed. Talia displays professionalism, warmth, and dedication to each and every patient that walks in the door. What sets her apart is her ability to anticipate needs before they arise. She is very thorough and pays attention to detail, which everyone in our region appreciates.

Thank you for your hard work, Talia! We appreciate you!
