8 Employee of the Month

Sangeeta and Brad at BOC

Bionic was proudly represented at the first face-to-face meeting of the year with the Board of Certification/Accreditation (BOC). As a team, we recognize the vital role BOC plays in maintaining high standards across our industry. Participating in these meetings allows us to stay informed, contribute to important discussions, and ensure our work reflects the latest in education, accreditation, and professional experience.

WHAT'S HAPPENING AT Bionic

BIONIC AT ASAS

Pedro and Mohit attended the ASAS medical health Fair in Laredo , TX. ASAS is a primary care medical group that specializes in senior care. Our team engaged with the community, sharing all that Bionic offers.

BIONIC NEW HIRES:

Christina Rasala
Clinic Office Administrator
Munster IN

WELCOME TO THE TEAM!

PREP IN NJ

Bionic Residents, Anjali and Neha, prepped for a Myo Plus pattern recognition case from Ottobock in New Jersey!

SPENTYS DAY

Our partner in 3D printing, Spentys, visited our Kentucky and Tennessee locations to showcase their innovative products and provide hands-on training. They educated our staff on how their technology can enhance our services.

NEW CERTIFICATION

Say hello to our newest Certified Prosthetic & Orthotic Assistant in the West Region, William Kavanagh, CPOA!

CHICAGO CLEAR

Our Chicago team was proud to sponsor the 20th Anniversary celebration of the Center for Lower Extremity Ambulatory Research (CLEAR) at Rosalind Franklin University. Over the years, we've partnered with CLEAR on a variety of research initiatives aimed at advancing lower extremity care and innovation.

As we celebrate two decades of CLEAR's impact, we look forward to continuing our work together to promote new discoveries, expand the field, and shape the future of lower extremity care.

It was a pleasure to be part of this milestone event and to connect with others dedicated to research, education, and improving lives through innovation.

VASCULAR SYMPOSIUM

Mike and Neha attended the Thirty-First Annual Pennsylvania Hospital Vascular Symposium in Philadelphia, PA.

Bionic ON CAMPUS

WESTERN KENTUCKY UNIVERSITY

Bionic's yearly visit to Western Kentucky University Therapy School was a success! Our team presented a spinal lecture and engaged in professional conversations with the students while answering their questions.

MADISON COLLEGE

Our team in Wisconsin had the pleasure of presenting at Madison College in Wisconsin. They educated the students in the Intro to Kinesiology course on types of prostheses and much more.

EMPLOYEE OF THE MONTH

MEGAN KAZER!

"Megan has been with us for just over a year and has consistently demonstrated a strong willingness to learn and go above and beyond in her role. Whether it's traveling to train new OAs, picking up and dropping off devices at other clinics, or providing exceptional care to her own patients, Megan is always ready to help wherever needed.

Her dedication, positive attitude, and reliability have made a meaningful impact on our team. It's truly a pleasure to work with her, and we look forward to many more successful years together. Megan, thank you for your continued hard work and commitment. The Carolinas team greatly appreciates all that you do each day — keep up the great work!"
